@alishbakhaan649@gmail.com

Karachi - Pakistan

Highly motivated and detail-oriented Junior Front-End Developer with a passion for creating engaging and user-friendly web interfaces. Leveraging strong foundational knowledge in HTML, CSS, and JavaScript, I bring a proactive approach to building responsive and accessible websites. Eager to contribute to a collaborative team environment and continuously learn new technologies to enhance my skills and tackle challenging projects.

● EXPERIENCE

July 2023 ● Front End Developer - Internship

Dec 2023 Buraq Tech (Local Software House) | Karachi

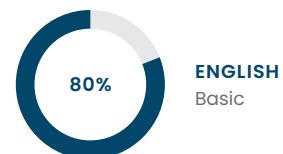

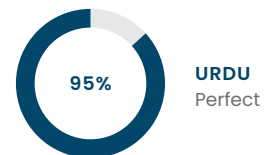

Gained valuable hands-on experience as a Junior Front-End Developer Intern at Buraq Tech, where I'm actively involved in developing and maintaining web applications using technologies like Front End Developer, PHP, MySQL, Back End Developer, JavaScript | C#, .Net Development.

Apr 2022 ● Business Development Executive | Freelancer

Dec 2022 Aplus Tech Solutions | Karachi

Gained valuable experience in business development through a freelance internship as a Business Development Executive. Cultivated lead generation and client relationship management skills, identifying prospective clients, conducting outreach, and fostering partnerships.
